Commissioner of Patents
Washington, D.C. 20231

JAN 02 2003

TECH CENTER 1600/2900

Sir:

Following is Applicants' response to the Restriction Requirement mailed 24 JUNE 2002. The response is accompanied by a petition for a five-month extension of time and requisite fee. Accordingly, a response is due 24 DECEMBER 2002, making this a timely response. In response to the outstanding restriction requirement, Applicants elect Group I, claims 1, 36-60, characterized by the Examiner as drawn to an apparatus with probe array, for further prosecution on the merits. The election is made without traverse. Accordingly, please amend the application as follows:

IN THE CLAIMS

Please cancel claims 61-63 without prejudice or disclaimer.

Please add the following new claim 64:

64. (New) An apparatus according to claim 1 wherein said reaction volume further comprises a water-soluble compound that is a solid at room temperature and a liquid at a second, higher temperature.
